Can you unscramble the letters to identify some of the tins Dippy has knocked over?

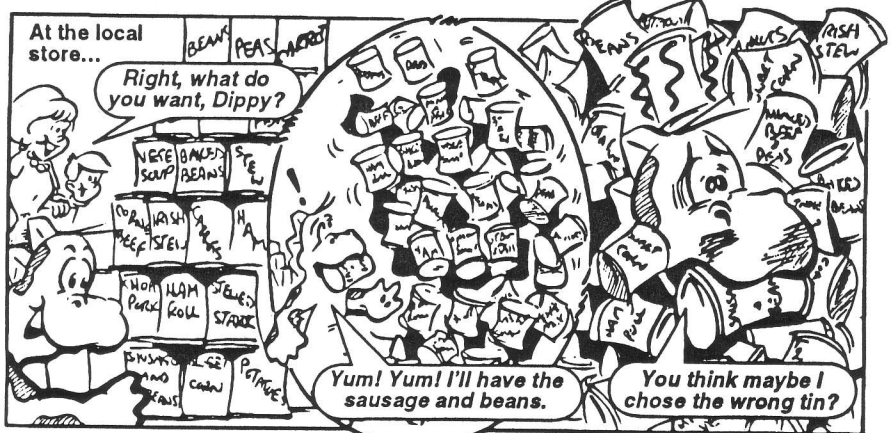

CRACK THE CODE

A brave explorer has travelled many miles in search of buried treasure. Now he has reached a desert island where he has found an ancient note pinned to a palm tree. Can you help him crack the code to find the treasure? Here's a clue to help you – the first word is "face".

They get pizza – I get bones! You are looking at one unhappy diplodocus.

Okay, Dippy, you win. YOU can choose your next meal!

At the local store...

Right, what do you want, Dippy?

Yum! Yum! I'll have the sausage and beans.

You think maybe I chose the wrong tin?
